

learningCpp/OOP/SampleClass.h

```
graph BT; A[learningCpp/OOP/SampleClass.h] --> B[learningCpp/OOP/SampleClass.cpp]; A --> C[learningCpp/OOP/TestSampleClass.cpp];
```

The diagram illustrates a C++ project structure. At the top is a header file box labeled 'learningCpp/OOP/SampleClass.h'. Below it are two source file boxes: 'learningCpp/OOP/SampleClass.cpp' on the left and 'learningCpp/OOP/TestSampleClass.cpp' on the right. Two blue arrows point from the source files up to the header file, indicating that both source files include the header file.
